All lots will sell at their posted sale time listed on the Auction website.

Lot #1 will sell at 12:02 pm MST on April 10, 2021, if 2 or more buyers are bidding in the last 15 seconds of the lot selling, an additional 15 seconds will be added until the bidding stops and the lot sells.

Lot #2 will start its 2 minute countdown as soon as Lot #1 has sold. All the other lots will continue to carry on in this format, in two minute intervals, to the end of the sale. This gives people buying multiple horses some time to organize.

"Slick" is an athletic, well built gelding that will make a nice ranch horse or head horse prospect. He's got good bone and good feet, with bloodlines that give him power and agility. He's really feely and has some go... a very sensitive horse, but he's level headed and honest at the same time. I started him in the spring as a 4 year old and will have about 4 months riding on him by sale day. Has lots of outside miles and has roped the heel-o-matic and ranch roped a couple times, and will do more before sale day. More video to come prior to sale day, posted on YouTube under the title "Top Gun Horse Sale 2021; Slick- 2016 AQHA Gelding. Call or text Jill for more information or to come try him out.

"Sox" is a super fun little heel horse. It would take a lot to make him tired, you could ranch on him all day then go rope at night, he's got lots of go and heart. He's been started as a tie down horse and wouldn't take much to continue on with him in that event, he's becoming a really solid heel horse, been hauled and competed on in the heeling at a few rodeos. We've rode him in the mountains and done all aspects of ranch work from branding to doctoring in the pasture. If you like a horse that will last all day regardless of what you're doing this guy is for you.

Consigned by: CRUISE BENSMILLER					
Breed	Draft Cross	Sex	Gelding	Year Born	2012
Registration	Grade	Height	16.1	Colour	Black

Pedro is a nice ranch gelding who is very quiet and gentle. Pedro is easy to catch, loads in a trailer well, is good with his feet and is 100% sound. This gelding has been used in a feedlot and he has moved cattle, dallied to cattle in corrals and has roped dummies in an arena. Pedro will go anywhere you point him and he has no problem crossing obstacles such as railroad tracks and rides well in the bush. On trail rides he is good with other horses around him as well as teams and wagons and he is used to dogs. Pedro also can be driven single or double and was driven on both sides and he was great on either side. Good looking all around horse. Feel free to call or come and see him anytime he is located in Dewberry AB.

Rebel is a three year old registered APHA mare. She has 50+ rides and will have more by sale day. Rebel has been rode in open fields and in bush. She has been used for moving cattle, poning horses and has been exposed to the barrel pattern. Rebel has done arena work, knows her leads, direct and indirect reins and has a good stop. She has good ground manners, loads and trailers well and is good with her feet. Rebel is quick minded and not spooky but is still young. She is very cowy and quick on her feet. She will make a great high school rodeo horse and should mature to 15 hands high. Rebel is well started and ready for a confident rider to take her to the next level. Rebel has 70+ rides, has been started on the flag and tracking a roping dummy, a new video will go up of her doing both by the end of March. She is located in Manitoba, she will be hauled to Ponoka or shipped to another location at the buyer's expense. More videos will be put up on our youtube channel - Rusty Oaks Ranch - Manitoba Canada. Check back often to watch her progress.

ATHENA

[Video Link ▶](#)

Consigned by: STACEY ADIE					
Breed	Quarter Horse	Sex	Mare	Year Born	2010
Registration	Grade	Height	15	Colour	Buckskin

Athena is a beautiful 2010, 15 HH buckskin mare. She's been barrel racing, spent all last summer moving cattle and occasionally sorting, been to the mountains multiple times and has recently been introduced to the rope. She started her barrel racing career in 2019, but 2020 season was missed due to Covid. She has been lightly patterned on the poles and started over fences. She loads great, trims/shoes, behaves great in groups or by herself. She is 100% sound and has very good ground manners making her a safe horse to have around kids. Athena attended her first show this past fall and did quite well. She would do well in local shows, 4-H, team penning/sorting, High School Rodeo/Rodeo Queen, cowboy challenges or just on the ranch, and is a very pleasurable trail horse. She is not a beginner's horse, as she has a tendency to lose confidence in herself during certain stressful situations and looks to her rider for reassurance. That being said, she requires a confident intermediate rider. Her current barrel video is a training run designed to show her correct turns, not for speed. This mare loves to run.

Here is a royally bred gelding that is broke to death, handy and will get the job done right for you! Robbie was trained and shown by Tyler Darroch, earning Open NCHA money in his futurity and derby years. He is non pro friendly as well with his owner showing him last fall. Smart on a cow with a ton of try. Not only a show horse, Robbie has seen a ton of ranching miles too. When Covid hit and shows were cancelled last spring, Robbie went to all the brandings and put in a full day's work. We've moved yearlings with him, pasture roped off him and started him out of the box on the heel side. We've pulled kids behind him this winter in the toboggan. There isn't much that phases this guy! His sire, Dual Smart Rey won over \$330,000 NCHA and has sired over 7.8 million! His mother, is a direct daughter of Smart Little Lena and has produced close to \$20,000 in NCHA earners. Robbie is located currently at Darroch Performance Horses, near Yorkton SK. He is legged up and ready to go. Call Tyler to arrange to come try him at 306-607-9124. You will not be disappointed in this terrific gelding! He has been in the right program from day one.

"Twister" is a great all around youth pony. Has chased cows, done gymkhana events, has jumped 2', has gone to the mountains, has had a rope swung off of him. He is easy to catch and great with his feet. Loves attention and will ride out alone or with a group he's not herd bound. Has a good walk and super stop. Consigned by: DOUG DESCHAMBAULT					
Breed	Quarter Horse	Sex	Gelding	Year Born	2016

Stormy is a 2016 palomino QH gelding. He has a very sweet personality. He leaves his food to come and get a scratch from you. A horse you will fall in love with fast and easy. He is very athletic and likes to work. He would love to be a ranch horse and work the cows for you, or even just stand and hold on to the steer that you just roped. Because of his high athleticism he would also run barrels very well. And with no doubt he would be the horse that could be your kids best friend. He loves kids and has the mind you would want the perfect kids horse to have. He would be perfect for an older experienced kid right now, with more exposure and miles he soon will be suited for younger kids as well. Check out the link below to the video from last spring. Stay tuned for an updated video soon.

Nechako D Duncan, 7 year old gelding. AQHA # 5721334. Duncan was purchased as an un-started 6 year old in 2020, he was started and used on a working ranch in Northern BC in his first month & was used at branding's. Duncan is a pleasure to be around...clips, bathes, hauls, ties well, trimmed every 5 weeks, Dental, & all vaccine UTD. Duncan was rode the summer of 2020 5 days a week moving cows for roping & getting a solid reining foundation. Duncan has a nice stop, turn around, & starting to change leads nicely. Since Christmas Duncan has been roping the sled, & now in February is roping both ends confidently. This horse is ridden 4-5 days a week and will be up until the sale date. Duncan is being started lightly on barrels with a solid pattern & riding to the correct position being a must. Duncan is soft, supple, forward, & very good on his feet. This horse is forward confident and very quick on his feet. However, very safe and not spooky of anything. This is the horse that brings the cows in, chases strays and confidently opens gates, & runs the stripping chute. We have rode many horses out of this same stud and they all go on to perform either roping, barrels, ranch horse versatility, or reining. I will add the link to MacNaughton Performance horses where there is a sale add with picture and videos in comments. I am working on putting a video together for this add and will update it as his progress roping changes. <https://www.facebook.com/MacNaughton-Performance-Horses-104291064621970>.

2015 AQHA palomino gelding stands 14.3 hh. "Hashbrown" has a gentle disposition and has filled the all around horse role. We have used "Hashbrown" for ranch work, doctoring cattle, trail riding in the mountains, turn back horse in the cutting practice pen and penning cattle at the auction market. He neck reins and is a smooth moving horse. Can rise up a level for a advanced rider while also being a trail horse for a green rider. With the laid back character, he is more a follower out on the trails. Lots of arena riding over the past two years. Rides great alone, hauls excellent, stands tied and crosses rivers. Vaccinated (6-way), utd on worming, regularly trimmed and yearly dental float.

"Joey" is sired by Pegasus (Playgun) who had \$55K+ in cutting earnings and out of a daughter of Paddys Irish Whiskey who successfully showed as a Reiner. He spent almost a year with Cowhorse Trainer, Kent Williamson. He was shown as a 3 year old in the Snaffle Bit Futurities in BC and AB and has approximately \$1100 in NRCHA earnings. Joey has been roped off in real life situations (but not out of the box), ponied young colts just entering their training and attended several brandings. He is calm and quiet around the cows and bold minded. He's also been extensively ridden outside, alone and in groups and he's quiet and calm and easy to work with on the trail. He's been through plenty of rivers and is just generally a really nice go-to horse to have around. He can sit for a month or two and you can pretty well jump back on and go back to work. He does not require any maintenance. He's never been injected. He does have a scar on the fetlock of his hind foot from a barbed wire fence but it's never bothered him or impacted his soundness. It's only been cosmetic. Put him back to work as a Reined Cow Horse, or use him as a youth rodeo mount. Put him in cowboy challenge or mounted shooting or just have him around as a really handy ranch horse. With all his buttons, Joey is best suited to an Intermediate Rider or better.

Jeeter has been shown in reined cowhorse and has a little over \$10000 in NRHCA earnings. He could definitely carry on as a cowhorse but with his speed and athletic ability could be successful at any number of events. Big enough to rope on, fast enough to do barrels or make a top notch break away horse. Not a kids horse but no buck and easy to have around. Currently at Tyler Albrecht's getting legged back up after being home for a few months this winter. Jeeter was the 2018 ASBF Level 1 open futurity champion and Canadian Supreme level 1 open res.futurity champion.

Tom Cat is a very gentle step on and go gelding who I've used for all ranch chores. A direct son of 3x AQHA world champ Sophisticated Catt (LTE \$192,509), he's a nice little ranch horse. He's drug a bunch of calves to the fire and treated hundreds of grass cattle. I've used Tom Cat extensively at the sale barn sorting and penning calves, he really watches cattle and is automatic on a gate. Tom Cat is a smaller gelding with a ton of try, he's strong from the horn and has been tied off to big critters and got along great. He's awesome to lay one down and treat by yourself. He is extremely confident on the trail and will ride wherever you point him. He has been on numerous trips to the mountains where he navigates deadfall, bogs and fast water flawlessly. Go ranch on him in the morning and let the kids kick him around after lunch. He's been on top of the world in the Canadian Rockies and doctored pairs on grass in Saskatchewan, you won't find much he hasn't seen. Tom Cat stays gentle is easy to catch, haul and shoe. 100% no buck or funny business and sound. Please call for more info.

Pep is coming 7 year old AQHA gelding. He is well built and nice to look at with a very soft mouth. He would go any direction you desire. He has been used extensively rounding up cattle. He has spent time at Yaha Tinda and Hummingbird. Crosses water well and really seems to enjoy the trips. Loads and hauls well, up to date on deworming. He is a family friendly gelding that my 6 and 8 year old grandsons have rode. Have been and will be getting him used to the roping aspect of life.

"Arizona" is a coming 10 year old mare. Absolutely beautiful and the spitting image of her sire and grand-sire. This is some information on her Grand Sire, High Brow Cat. NCHA \$84 MILLION DOLLAR SIRE, Equi-Stat leading cutting sire, NCHA – AQHA Leading cutting sire. Sire of a record 8 NCHA Open Futurity Champions and 21 AQHA World Champions. As we just decided the last couple of days to enter Arizona, we don't have the best pictures or videos of her. But if you are at all interested, it is worth the drive to come to see her and have a ride on her before the sale. She is currently at an indoor riding arena just south of Strathmore. Arizona had her upper front teeth surgically removed as a yearling (8 plus years ago) due to an injury. It has caused her NO problems as a result and she requires NO special care. Please call if you would like anymore information on her or would like to make arrangements to view her. Charles Munro 403-701-1548

Spring is a three year old registered APHA mare standing at 14.2hh and should finish around 15hh. She is sound, sensible and full of potential. She will have a solid 90 days of riding on her at point of sale, both inside and outside miles. Spring is very quiet and doesn't get worked up over anything. She is a great mover, picks up both leads, turns around and has a really nice stop. She has been started on the flag and likes to track and stop. She has also been started on the heelomatic. Good to catch, trailers well and stands nicely for the farrier. She is not marish and has no vices. Teeth floated in the fall, worming and vacs up to date. Her sire was a working cow horse. All of his offspring have nice minds and are athletic. This mare is very easy to get along with and will be versatile.

15-year-old papered a AQHA quarter horse mare. She is a fancy palomino roan colour and very easy to handle. She is extremely versatile as she has been used as a lesson horse for kids learning to ride, ridden in the mountains, used to check cattle on pasture, used for checking sheep on pasture, used for sorting cow calf pairs at brandings, has been ridden at a few gymkhanas, does have some roping experience with the heelomatic. She loads in the trailer great, is easy to bath, comes one called in from the pasture, stands great for the farrier, has no quirks or issues whatsoever. She stands at a mounting block and you can mount or dismount her from either side. She is sensible and not a spook but also not a dead head; she has had plenty of training over the years, exposed to many situations and has buttons. She is very handy and catty on her feet when asked however her natural inclination is not to run or move very fast. She originally came from the USA (Wisconsin) and I'm happy to pass along that contact information of the original breeder; her dam is a big blue roan mare and her sire was a cremello; she has thrown a variety of colors in the few colts she's had - she's a good producer and a very good (protective) mother. She is best suited for someone with confidence - I don't feel she would do well with someone that was very nervous and a "tight" rider; I have had quite a few beginners ride her over the years however they were calm and relaxed kids.

"Sorley" is a 19 year old AQHA registered Quarter Horse. He's tried and tested; he has been used in 4-H, moved cattle, loads great and is versatile with anyone. Sorley has been on our place since 2006. He pulls the kids with a sleigh, good in a harness, pulls logs out of the bush and although he has never been in competitive roping we have roped off him at home. He's good with his feet, great around other horses (not the dominant type), stands well when mounted, bathed or groomed. No spook, buck or bolt and has been through bomb proofing clinics at 4H. Sorley is really great and our hope is the next owner will get more use out of him, Sorley has had many kids on him along with all kinds of riders. For Maintenance - we just had him into the Vet to have his teeth floated, they were done a year ago so this year was just a touch up.

He has had extensive out side miles and been hauled lots. He is good with a rope and handling cattle. He is very constant with woman riders going through creeks and brush and trail riding. Been to the mountains a few times. His teeth were done last fall at AB. vet, Dr Rick, has been wormed 3 times a yr and 5 way shot every spring. He is very soft in the face and side passes, 2 tracks and picks up either lead well. Can be road with shank bridle or snaffle. This horse has had much quality time, training and miles invested in him and would fit many different programs. Be sure and take a look for he might fill the needs you have in a good minded gelding. Zeus is a 13 yr old, big boned 16hh roan gelding. This horse is built sturdy with lots of life left, and is suitable for the entire family! Zeus is a very straightforward ride; he has countless trail miles and rides out alone or with others. He has moved cows, roped, ponied colts, been ridden by kids, and been played with on the barrel and poles. We have shot guns off of him, ridden him in a halter, pushed bush, etc, this horse is solid and honest. He is the same horse whether you ride every day or once a year- just hop on and go! Zeus is a really special horse- I can not say enough good about him, he is just a pleasure to ride and be around. Anyone can ride him, he is kid friendly, safe, quiet and will go all day. He has no spook, buck or bolt. He is soft in the face with a good stop, backs up, yields his hindquarters, and neck reins. He's a "been there, done that" type, and with looks to boot, this horse really is the whole package. He is easy to trim, quiet to be around, and is good to haul. Zeus has a scar on his left knee, which is purely cosmetic. He is fully sound and healthy, and is a barefoot, no maintenance type. His deworming, feet and vaccinations are UTD. I am more than happy to answer any questions, please text or call anytime. Test rides can be arranged. Additional photos and videos can be viewed on my Facebook page, Fimrite Performance Horses. Zeus will be ridden consistently up to the sale date. He can be delivered to the buyer or partway by myself at gas cost, if needed.

Who doesn't love a shiny blue roan? Pepinics Blue Oak is a 2018 Blue Roan AQHA filly. "Zoe" is super sweet and is always the first one to come and meet you at the gate. Not only does Zoe have the looks, she has a great mind and has tremendous potential. Zoe is well started, you can just jump on and go. She's been rode out in the open checking cows, she's been lightly started in the barrels, roping and on the mechanical flag, done lots of logging, working rope, facing up and she's box broke. Zoe is happy to walk out smoothly but has some go when you ask for it. She's got a great mind, nothing bothers her, you can ride off on your own and she's good with it. Solid foundation, ready to finish as you'd like. We'll be riding her right up until sale day. She will continue to get worked on barrels, the sled calf and team roping dummy. She's up to date on dentistry, vaccines, deworming and farrier. Pre-purchase exam available, contact us for details.

DRIFTER is a once in a lifetime horse; an all around gelding with pro rodeo pedigree and potential. Grand sire "Lone Drifter" is retired at Potter Ranch and is the son of legendary rope horse Driftwood Ike who was a consistent sire of big league performers. Mr. Potter and Ms. Sherri Cervi know a thing or two about performance horses. On March 7-8th, 2021 a Lone Drifter head horse helped Erich Rogers and Paden Bray jump to first in PRCA world standings at RFD-TV's The American. The famous Driftwood characteristics of being easy to train, eager to work with the kind of speed to get you in the money have been passed down to DRIFTER. He's fancy broke, safe, easy, uncomplicated, dependable and good looking. Proven competent on the trail and ranch; competitive in the arena. For the last two summers he's seen lots of miles and cattle at a 2500 HD community pasture then at a 3500 HD ranch. He has been used for all aspects of herd health - can go all day, pasture roping/treating and drags calves. Walks out like the boss and covers serious ground, strong on the horn and doesn't back down from anything. Currently he is being used daily at a 8500hd feedlot. We're a team.. my go to horse when I want it done right. Truly worth his weight in gold. He's safe around gravel trucks, high hoes, dozers, loaders, bunk blowers, vehicles, semi-trailers, pets, children, shadows, fireworks, blowing grass and speckle cattle. Good with farrier, sound, no maintenance required but loves a good roll in sand, dirt or mud. Transforms quickly to a bay horse if this is your preference. Drifter is proudly offered to the Tog Gun Horse Sale. We're pretty excited to be a part of this sale. Good luck to the sale team and all consigners. It has been the highlight of my life to swing a leg over this gem but a change of discipline forces sale. My program is more focused on cow horses now and this guy shouldn't sit. Don't miss out on this one.

Judges have flagged on him at jackpots and rodeos. We've also drug calves to the branding pot and doctored and moved cattle on him. don't miss your chance to own this versatile horse.

Slick is a 12 year old brown registered gelding, standing approximately 15.2 hands. I purchased Slick as a 2 year old at the Canadian Supreme sale in Red Deer. He is a well built horse with a pretty head, excellent bone, muscle and feet. He has had lots of time in training , is well broke and has all the buttons. He has never been lame a day in his life or shown any buck. Slick has been ridden in the mountains many times, moved cattle, done some sorting and some casual roping (loose cattle in an arena), as well as some mechanical cow work. He has had regular immunizations, wormings, farrier work and dental work. He stands well for the farrier, loads and trailers well. Presently Slick is spending 2 months at a trainers getting legged up, and will be there until the end of March.

"Kit" is an 8 year old mare. She is approximately 15 HH. Kit has been used here on our farm for the past few months to move cattle, work buffalo, and just do all around ranch work. She would be a great mount for anyone looking for the athletic type, to go and do anything on. She walks out nice and is very sure footed, not the lazy type. Kit has good rate on a cow, and has a good work ethic. Always willing to please. Also considered safe enough that I'm still riding her at 6 months pregnant. Currently has shoes on all four with borium. UTD on deworming, 6 way vaccination and dental float. He is best suited for a intermediate and above rider. We have thoroughly enjoy having Potato Chip apart of our team as he has been lots of fun. Potato Chips YouTube video can be found at "Potato Chip - Top Gun Horse Sale 2021."

Benny, this stunning and very well put together buckskin gelding is offered for your consideration, he stands 15HH. With a fantastic mind and an attitude always wanting to please, he is a joy to ride. He would make a fantastic ranch horse, he has been out on the trail around cattle, barrels and lots of performance in the arena. Benny has a great stop moves of your leg, starting on spins, side passes (easy opening and closing gates), leg yields and has very smooth gates. He has a consistent collection, is very soft of his mouth and neck reins. Stay tuned for a video of him.

Shooter is a nice quiet gelding that has been used a lot around the cows and the trail rides. He is good to ride in the steep hills and is no stranger to crossing water. He has a nice smooth lope on him and gets out and walks nice. Shooter is good to saddle and step on he would be best suited for a more experienced rider.

Ringo is 2002 AQHA Bay Roan gelding & your next great partner on the trails! Quiet sensible & easy to catch, standing 15.2hh, some chrome & a coon tail to boot. He's a "been there done that" guy that has seen miles of trails, been to mountains, ranches off, crosses logs, bridges, water, tarps, gates etc. He steps out nice with lots of go & energy, neck reins beautifully, and very light on cues & backup. Not herd bound, can ride out alone or in a group. Ringo has team roping experience (head side), who is a gentleman in the box, not hot, tracks a steer nicely & knows his job. He has intro to Mounted Shooting Clinic, taken it all in stride. He is comfortable riding in arena also, doing Obstacle Course ie) cowboy curtain, tarps, pool noodle gate, teeter totter bridge, flags etc. Lunges and can pony off him. Ringo ground ties (has set back in past), yields hind & forequarters off leg. Stands to mount/dismount. Not cinchy, no buck, bite or kick. Used to vehicles, quads, lawnmowers. He has good feet, stands excellent for farrier (trims & to shoe). UTD vaccinations, teeth, deworming. Easy keeper, sound with no health issues. Suited for confident rider. Feel free to come try him out before the sale.

"Roxy" is a flashy 15 hh sorrel mare. Bred to be a powerhouse, she is just that; fast, quick footed, strong, and as tough and gritty as you'll find. This mare is not for the faint of heart, she is all there, all the time. Prior to barrel racing she spent three months in the feedlot which she loved- she hasn't an ounce of cow blood in her, but you'd never know it because she is the type that will pin her ears and go to great measures to make sure she's not beat. She's since spent many hours tied in the roping arena, bringing calves back up, dragging harrows, and seeing the chaos that ensues with two little boys around. She's trailed kids through the stubble field on both quads and snowmobiles, dragged a calf sled full of kids, and has covered many miles out of the arena- this just might be the fastest walking horse I have ever thrown a leg over. Roxy has been hauled to barrel races around central AB where she has really shown her bravery and "try" as she will run into a new arena and go to work, even without time onlies. She'll look for a barrel in any arena, and she's the kind of horse that tries her guts out on every single trip. She does need a strong, confident rider who can help guide her to success as she can get nervous at the gate, and she is unbelievably fast and strong leaving a turn- I'll say it again, she is not for the faint of heart. This mare loves big open patterns like Ponoka, and with no time onlies at CBHI she ran a 18.7 and then a 19.1, and she is only going to improve with more opportunities to run on such patterns. There is absolutely no shortage of speed in this dragon of a mare- she's truly a phenomenal athlete. She's good to clip, bathe, load, haul, etc, but she is a little quirky about some things which I would be happy to discuss if you'd like to give me a call. In mid October Roxy bruised her splint bone on her right front leg and still has a lump there which is her only blemish. She does require light maintenance to work her best. If you're looking for something with the potential to be a rodeo horse, this is the one. She's the horse that will never ever leave you wondering if your horse could have tried harder, and she's the kind of mare that once you become her buddy she will go anywhere and do anything to please you. Dce Dreamin Bold (Aka Cheetah) is set to go in any direction. She is an eight year old Appaloosa mare. But don't let the word Appaloosa scare you, she is pretty with a decent main and tail! She stand 15'2". She's had plenty of riding, spent a few months with Shayne & Tressie Smith as well as Rylee McKenzie. She's loping a really nice barrel pattern, roped the heel o matic as well, and has been used outside of the arena. Along with her performance start she could easily end up in the show ring, a dressage horse, or would be a great addition to a brood mare string. The possibilities are endless for this little mare! She has good black feet and is good with the farrier, loads and travels well. Can be heard bound but most are, Right? She has a lot of running blood in her being a great grand daughter of the famous SECRETARIAT! Not a young kids horse but would be great for a High School rodeo horse with an intermediate rider. Cheeta also had a cogins and health check done. Cogins is still good, health check has expired. She is still very willing to learn. Don't let this gal pass you by! Compact package with a BIG heart: Buttons is 7 years old, 14 hand sorrel mare with chrome, definite head turner. Started nicely in and out of the arena, we have doctored some in the pasture and for a small horse she can stand her ground and is sure footed. In the arena lopes good circles, good stop and a pleasure to ride. We have been heeling off this mare off and on in the arena the last two years, been on the smartie a bunch and cattle. Good in the box, leaves flat and starting to cow up decent, we had hoped to jackpot off this mare over the winter but with Covid it did not happen. Dalton is 16 and done most of the roping off this mare, easy to catch, shoe and load. Buttons can be a eyes open kind of horse and will pull back the odd time if spooked. If your looking for a compact good looking horse with a big motor she could fit you, good papers, ready to go to the roping pen or pasture.

If you are looking for a calm, gentle in your pocket kind of mare Willow might be the lady for you. She is always quiet and safe to be around and saddles up with no quirks. We have used her around the ranch to gather and sort cow calf pairs where she always keeps her cool. We have taken her to the hills where she crosses rivers and creeks with ease and handles the steep terrain with no problems. Ride her everyday or saddle her up after 2 months she stays the same. The kids have rode her with me for miles in the front takes it all in stride. She has a rocking chair lope and knows her leads and also has been lady ridden. Willow is good with her feet and is good to shoe and load. As she is coming 7 years old and she has her whole life ahead of her take her in any direction you would like.
